

## Special Torque-Tool Projects

### Introduction

Our 75 years experience and expertise as the leading producer of torque tools mean that we are able to meet the needs of our customers for tools to meet the most exacting and specialised torque applications.

At our UK site, the world's most advanced and fully-integrated torque tool manufacturing facility, we are able to combine innovative expert engineering design skills with our high quality core product range to produce bespoke tools.

For our customers, this means that whatever challenges they are facing, we are able to find cost-effective solutions. For the Royal Navy (see right-hand facing page), we were able to help save money and lives. Your needs may be less dramatic, but we will take them just as seriously.

#### **In this section you will find further information about:**

Custom Tool Kit Designs

Tailor-made Torque Screwdrivers and Wrenches

Private Label Torque Tools

#### **HMS Illustrious: the power of precision**

*The correct application of torque guarantees the safety, reliability and longer life of products. This was certainly the case when Gedore Torque worked with the Ministry of Defence and the Royal Navy to build a custom tool kit for maintaining lifejackets on ships like the famous aircraft carrier, HMS Illustrious. With more than 1,000 crew and Flight Arm personnel on HMS Illustrious alone, that's a serious task. Said Petty Officer Keith Spiller, responsible for the project, 'At the end of the day, by applying exactly the correct level of torque to the equipment, we're saving lives – and we're also saving money.'*

## Custom Tool Kit Designs

Our Custom Design Service can create a complete Torque Tool Kit, tailor-made to meet your application needs.

**Experience and expertise.** A wide range of Tool Kit needs can be met using our Custom Design Service. This draws upon our experience and expert engineering design skills to produce bespoke tools to meet the most exacting of application needs

**Tool Cases.** To meet operational needs, Tool Kits can be supplied in bespoke tool cases and foam cut outs. These can range from standard design for use in normal working environments to high performance cases for use in harsh operational conditions

**Tool Kit Versatility.** A combination of Gedore Torque and outsourced tools can be created to meet your particular specification

## Custom Torque Tool Designs

Our Custom Design Service can create Torque Tools to meet specific operational needs.

**Experience and expertise.** Our Custom Design Service can design and produce Torque Tools to a customised specification to meet your operational and application needs. This draws upon our experience and expert engineering design skills to produce bespoke tools to meet the most exacting of application needs

**Innovation.** Our track record of torque innovation means that we are able to meet the wide range of performance criteria required from the modern Torque Tool with a range of innovative tool designs and appropriate materials

**Operational Integrity.** Our tried and tested tool designs and technology can be depended upon to produce bespoke successful engineering solutions

Modification of RTU for Track Bolt Tightening

## Private Label Torque Tools

Our Custom Design Service can create a complete Torque Tool Kit, tailor-made to meet your application needs.

**Image enhancement.** As well as enabling you to carry out the best possible job, private label tools can also provide you with a more professional image

**Our tools, your design.** A full Design Service is available for custom label tools that use a variety of materials, component design, tool labelling and custom tool certification

**Technology-aided design.** Cost-effective own branding has been made easier by the use of our modern 3D CAD Systems, laser engraving machines and custom label manufacturing technology

**Let's Torque.** Use our Tool Selector at [www.gedore-torque.com/tool-selector](http://www.gedore-torque.com/tool-selector) to select the right tool for your application, then tell us your branding requirements on +44 (0) 1483 894 476
